Dear Members

I hope this email finds you well.

As part of our commitment to the oral health of every child, I am reaching out to invite you to participate in the national-level “**ISPPD Nanhi-Muskan (Little Smile)**” initiative.

This project is a call to action for all Pediatric Dentistry departments and private clinics to extend our expertise to those who need it most—**habitat-based vulnerable children**.

This includes children residing in slums (jhuggi-jhopdi), under bridges, footpaths, and those belonging to migrant workers, rag pickers, or orphans.

How you can participate:

- **Organize Outreach:** Conduct screening and preventive camps in vulnerable clusters.
- **Provide Care:** Offer basic restorative and preventive treatments to children in these habitats.
- **Spread Awareness:** Document your work to help build a national movement for inclusive pediatric dental care.

Our collective effort can transform thousands of "little smiles" across the country. Let us join hands to ensure that no child is left behind due to their social or economic circumstances.

I look forward to your active participation in this noble cause.

Sincerely,

VARINDER GOYAL

SECRETARY, ISPPD
