About ISPPD

The Indian Society of Pedodontics and Preventive Dentistry (ISPPD) is a national society specifically concerned with the oral health of children in India. It aims to improve oral health in children and encourage the highest standards of clinical care. ISPPD has over 2000 Pediatric Dentists as life members.

The emblem of the society is based on the famous triad of Keyes (1960). One circle represents the tooth, the other the bacteria and the third diet. The shaded area of inter-section of the circles represents dental caries. The Stress given is that for caries to develop all the three factors are essential; caries cannot occur if one factor is missing

Incidentally, this area of inter section of circles takes the form of Triangles. The triangle connotes two aspects

It represents delta, which is the sign of dentistry,

It depicts the pedodontic triangle as given by Wright (1975).

The three corners of triangles are indicative of (a) Child, (b) Mother (parent) and (c) Dentist. This triangle represents 1:2 transaction for the management of children

The top circle of keys in the emblem carries symbols of the emblem of the Indian dental Association (IDA) - Staff of Aesculpius with wings of serpents encircling around it. The staff of Aesculpius stands of captor of authority and represents the professional authority of association. The serpents show the power of healing since serpents ages back have been used for healing. Hippocrates adopted this symbol and we have adopted it with two serpents entwined around the staff in opposite directions. The wings on the staff represents the spread of knowledge. The wings have 6 small and 3 large divisions as in the IDA emblem.

The Indian Society of Pedodontics and Preventive Dentistry has been formed on the firm belief that "Every child has a fundamental right to his total oral health". The Society has an obligation to fulfill this faith.

Aims & Objectives

- The Society is formed on the firm belief that “Every child in India has a fundamental right to total oral health”. Every member of the Dental profession in general and Pedodontists in particular have an obligation to uphold this right.
- The Society shall have the solemn responsibility towards the maintenance of positive dental health of the children through prevention, involvement of the community and through other necessary measures to achieve this objective.
- The Society shall make an endeavor to provide suitable medium for honoring the commitment it has so sacredly undertaken.
- The Society shall be responsible for improvement of education, research and delivery of Oralhealth care in the field of Pedodontics & Preventive Dentistry and shall extend cooperation or collaborate with any individual, group or organization,national or international, with similar ideas, ideals and objectives

PRESIDENT'S NOTE

Dear Esteemed Members and Supporters of the Indian Society of Pedodontics and Preventive Dentistry.

It is with great enthusiasm that I contribute to this edition of the ISPPD SmileTimes newsletter. Within these pages, we celebrate the ongoing dedication and impactful work of our society in safeguarding the oral health of India's children.

The ISPPD stands as a beacon of excellence in pediatric dentistry, and the stories shared in this newsletter highlight the profound difference we make in the lives of young individuals. From advancements in preventive care to innovative treatment approaches, our collective efforts are shaping healthier smiles for future generations.

I am continually inspired by the unwavering commitment of our members: the clinicians who provide compassionate care, the researchers who advance our understanding of pediatric oral health, and the educators who shape the future of our profession.

As we move forward, let us reinforce our dedication to:

Promoting Preventive Care: Emphasizing the importance of early intervention and education to establish lifelong oral health.

Advancing Knowledge: Supporting research that enhances our ability to provide evidence-based, cutting-edge care.

Expanding Access: Striving to reach every child, regardless of socioeconomic background, with quality dental care.

Fostering Collaboration: Strengthening our network of professionals to share knowledge and best practices.

The SmileTimes newsletter serves as a vital platform for us to connect, share our achievements, and inspire one another. Let us continue to work together to create a future where every child in India enjoys optimal oral health.

Thank you for your unwavering commitment to the ISPPD. Together, we are making a lasting impact.

With sincere gratitude,

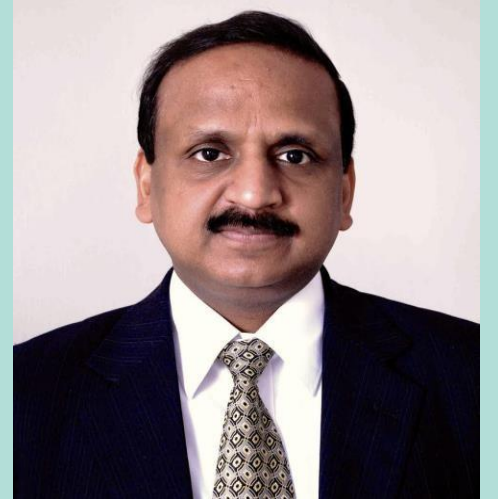

Dr.Shashikiran.N.D.

MESSAGE FROM THE SECRETARY GENERAL

Season's Greetings !

As spring unveils its vibrant hues, April emerges as a season of renewal and growth. It is a time to embrace fresh beginnings, cherish blossoming opportunities, and revel in the gentle warmth of longer days. The latest edition of the society's newsletter has been thoughtfully curated to bring you a collection of updates, insights, and moments of celebration that perfectly reflect the spirit of the season. Through these pages, we celebrate the community's collective efforts, accomplishments, and progress. May this newsletter serve as a source of inspiration, engagement, and connection, embodying the essence of spring's renewal and the vibrant energy within our community.

This month, we celebrated International Women's Day with great enthusiasm, honouring the strength, achievements, and resilience of women who drive change and lead with vision. From overcoming barriers to uplifting communities, their contributions exemplify the transformative power of empowerment. We commemorated their journeys and reaffirmed our commitment to fostering a future where every woman thrives and leaves a lasting impact. A highlight of the event was the **Distinguished Women Award**, which recognized exceptional individuals for their outstanding contributions to their fields and communities. This showcased the boundless potential of empowered women and emphasized the progress achieved while advocating for the continued pursuit of a more equitable society.

Just before the celebration of Women's Day, we advanced our commitment to impactful initiatives with the successful completion of the **Special Health Care Needs Program (Module 1)**. Conducted online, this program was a pivotal step in raising awareness and enhancing knowledge on critical healthcare topics. It successfully brought together participants, offering valuable insights and resources to address the unique needs of individuals requiring specialized care. Building on this success, **Module 2** will be held in person on **27th and 28th March 2024 at Kolkata**. This offline session is designed to provide a more interactive and practical learning experience while fostering deeper engagement. Together, these modules aim to deliver a holistic and impactful approach to addressing special health care needs.

As we approach World Oral Health Day on March 20th, the focus shifts to raising awareness about the critical role oral health plays in overall well-being. This global observance offers a vital platform to educate communities on maintaining proper oral hygiene, preventing dental issues, and recognizing the link between a healthy mouth and a healthy body. Through meaningful activities, outreach programs, and educational campaigns, World Oral Health Day empowers individuals to adopt better oral health practices and work toward a brighter future. We encourage you to share your experiences and highlights from the celebrations to inspire others and reinforce the message of oral hygiene. Your contributions are essential in amplifying this initiative and fostering impactful awareness.

As we bring this edition to a close, we extend our sincere appreciation to everyone who participated and contributed to the success of our initiatives. Your unwavering commitment and active engagement continue to drive the progress of our shared mission. We warmly welcome your valuable feedback and creative suggestions for future editions, as your insights are instrumental in shaping and enhancing our community's efforts. Thank you for your continued encouragement and for being an essential part of this journey.

With Best Wishes

FROM THE EDITORIAL BOARD

Greetings, Esteemed members of ISPPD ,

As we step into a new season, it is essential to reflect on how far we have come as a dental community and look ahead to the exciting changes on the horizon..

As we continue to navigate the challenges of daily routines, fostering a sense of community within the dental profession is more important than ever. Apart from other regular news, we have spotlighting individual achievements and initiatives in this issue. Among the many members who have been featured in this issue , I am happy that Dr. Chaitali Umesh Hambire, has come forward to design the cover page for this issue . She has designed many cover pages for various publications. Let us celebrate the achievements of our members

Our Newsletter from this issue known as “**ISPPD Smile Times**” as per the decision of Executive Meeting of ISPPD . We hope you find this issue insightful and that it serves as a reminder of the transformative impact that the our profession can have, both on individual patients and the broader community.

It's an exciting time to be a part of this journey and we look forward to continuing to work together . Thank you for your continued trust and support

Warm regards,

Dr Faizal CP

21st NATIONAL POSTGRADUATE CONVENTION OF INDIAN SOCIETY OF PEDODONTICS AND PREVENTIVE DENTISTRY

The Indian Society of Pedodontics and Preventive Dentistry organized its prestigious National event, 21st Postgraduate Convention Pedosoch 2025, which was hosted by the Department of Pediatric and Preventive Dentistry at Terna Dental College, Nerul, Navi Mumbai from 30th January to 1st February With the theme "Towards Clinical Excellence," the Convention aimed to foster academic growth, encourage research, and provide a platform for skill enhancement. This event brought together Pediatric Dentistry professionals, students, and faculty members from across the country. This year's PedoSoch 2025 witnessed a remarkable turnout and introduced new dimensions to student engagement with extracurricular and cultural activities for the first time.

The event attracted an overwhelming response, with a total of 1,440 delegates registering, including postgraduate students, faculty members and researchers in Pediatric Dentistry. The seamless registration process ensured smooth participation and engagement throughout the event. On 30th of January, Pre- Convention course was inaugurated by Prof. Dr. Rahul Hegde, along with Dr. Shishir Singh, Dr. Shashikiran ND, Dr. Varinder Goyal, Dr. Sivakumar Nuvvula, Dr. Farhin Katge and Dr. Manohar Poojari. PedoSoch 2025 had nine free Pre-Convention Courses, exclusively available for early-bird registered student Delegates. These courses saw an impressive 340 registrations, allowing students to gain knowledge and hands-on experience from industry experts. Scientific Sessions were highlight of the Convention with extensive scientific discourse, featuring 1,286 competitive scientific paper and poster presentations by both students and faculty members. These presentations covered a wide range of research topics and case studies, contributing to the advancement of Pediatric Dentistry.

The inauguration of the Convention was graced by our Chief Guest, Honourable Shri Yogesh Kadam, Minister of State Home (Urban), Revenue, Rural Development & Panchayati Raj, Food Civil Supplies & Consumer Protection along with Food & Drug Administration, and Guest of Honour, Prof. Dr. Rahul Hegde, Executive Member, Dental Council of India. Dr. Shashikiran ND, President of ISPPD; Dr. Varinder Goyal, Secretary General, Dr. Sudhindra Baliga; President Elect with the Organising Team, Dr. Sivakumar Nuvvula, Convention Secretary; Dr. Farhin Katge, Organising Chairperson and Dr. Manohar Poojari, Organising Secretary were also present on stage during the inauguration.

Scientific Sessions had an extensive scientific discourse, featuring 1,286 Scientific Paper and Poster presentations by both students and faculty members. These presentations covered a wide range of research topics and case studies, contributing to the advancement of Pediatric Dentistry. For the first time, Cultural dance event- solo and duet competition, photography competition, and Sports event including Chess and Carrom competition were included as extra-curricular activities during the convention. The winners of the Dance competition performed during the inauguration of the Convention which was cherished by all. There was active participation from both postgraduate students and life members, who eagerly engaged in these events

A well-organized trade exhibition was set up with 40 stalls, showcasing the latest advancements in dental equipment and technology. This provided attendees with an opportunity to explore and interact with different promoters and exhibitors. **PedoSoch 2025** proved to be an exceptional and unforgettable event, seamlessly blending academic excellence with extracurricular engagement. With record-breaking participation in scientific discussions and the introduction of new cultural activities, ISPPD set a new benchmark for future conventions. The event offered attendees unparalleled opportunities to learn, collaborate, and celebrate the field of Pediatric Dentistry in an entirely new way.

Dr.Radika Muppa at AP PEDICON 2024

Dr Radhika Muppa was invited as guest speaker at AP PEDICON 2024 held at Anantapur on 8-10 th Nov, 2024. This was first lecture in the state of Andhra Pradesh where Pediatricians have invited faculty from Dental fraternity and shown keen interest in oral problems of children.

The 40 minute talk included common dental conditions seen from neonates to adolescence where pictorial conditions were shown and how the pediatric dentist can play a significant role in enhancing smiles and preventive aspects of oral health conditions in children was emphasized.

The talk was very interactive where almost 650 pediatricians participated and lot of questions regarding early childhood caries, habits, malocclusion were addressed. Many myths regarding oral care were cleared.

The need for both pediatric dentist and pediatrician to work together for the oral health of society by large is imperative at this juncture of time.

Dr. Amilia Elizabeth J A delivered a guest lecture on "Thumb Sucking Habit" in a webinar held on 23rd November 2024, organized by the Department of Pediatric & Preventive Dentistry, SRM Dental College, Ramapuram, Chennai.

Dr Brinda Suhas Godhi ,

Dr Brinda Godhi, Reader in Dept of Pediatric and Preventive Dentistry, an active life member of IDA, Mysore Branch & CDE , Convenor of IDA for year 2024. Was honored with the Best CDE Activity - Dr. V. V. Subba Reddy Award at the 50th Karnataka State and 9th Interstate Dental Conference. The event was held at the Babu Jagjivan Ram Auditorium and Training Center, Bengaluru, from November 29 to December 1, 2024.

HALEON, an oral health care company, honored distinguished dentists from Mysuru in the categories of Highest Social Impact, Unique Patient Support, and Technology Excellence. The selection was based on their credentials as esteemed members of the IDA, contributions to society, and involvement with local and state branches including clinicians of Mysuru.. Brinda Suhas Godhi , was honored for Highest Social Impact

Dr. Brinda S Godhi was felicitated in presence of His Holiness Jagadguru Sri Shivarathri Deshikendra Mahaswamiji, Chief Guest Sri Yaduveer Krishnadatta Chamaraja Wadiyar, Member of Parliament with other dignitaries, on the occasion of Graduates Reception 2024 held on 24th September 2024 for successfully completing cycling expedition on World 's Highest motorable Road Umling la (19,024 ft) in Ladakh on 25th August 2024,

Dr. Nitesh Tewari

Presented a poster titled "Breathodontics – A side view for POSA" in the competitive category.

Dental Awareness programmes

Govt. College Of Dentistry, Indore

The Department of Pediatric Dentistry in Government College of Dentistry, Indore, is committed to serving society in the best possible way. This specialized field encompasses the practice, teaching, and research of oral care for children from birth through adolescence.

Paediatric dental care involves not just the prevention and treatment of cavities but also addresses various elements of dental health such as developmental issues, trauma management, oral diseases, and dental care for children with disabilities or medical conditions. Given that children are the future of our society, prioritizing their healthy growth and development is essential. This focus starts with their overall well-being, which includes a significant emphasis on their dental health.

Our staff and residents dedicated to the oral examination and treatment of special needs children with the invaluable support of specially trained educators, we effectively carried out a range of dental procedures tailored to their unique requirements. These included restorative treatments, pulp capping, extractions, and oral prophylaxis, ensuring comprehensive care.

we successfully conducted three comprehensive school health screening camps at

Figure 1 Anand Sanstha for deaf and dumb children 2/12/24

Figure 2- screening and treatment camp of special children at Govt College of Dentistry 3/12/24

Figure 3- Anubhuti Vision for blind children 7/12/24

Figure 4- G.D. Goenka School, Indore 26/11/24

These camps aimed to raise awareness about dental hygiene, identify potential oral health issues, and provide necessary guidance and treatment to students.

Department of Dentistry, AIIMS Gorakhpur

In celebration of Children's Day, the Department of Dentistry AIIMS Gorakhpur organized a special event aimed at promoting oral health awareness among young children. The event featured an educational colouring competition, designed to engage children while emphasizing the importance of good oral hygiene.

Held on 14 November 2024, the competition welcomed children visiting Dentistry OPD, encouraging them to express their creativity while learning about the significance of maintaining healthy teeth and gums. The theme of the competition was centred around oral hygiene, with colouring sheets depicting fun and informative illustrations related to brushing, flossing, healthy eating habits and overall dental care. The event's goal was to foster an early understanding of good oral health and motivating them to develop positive oral hygiene routines from a young age. The event concluded with the distribution of oral hygiene kits to all participants and prizes were awarded to the most creatively coloured entries.

Bhabha College of Dental Sciences, Bhopal

The Children's month celebration of 2024 was full of excitement, fun and therapeutic for the Department of Pediatric And Preventive Dentistry, Bhabha College of Dental Sciences, Bhopal, M.P. From routine body and dental check up of underprivileged kids of slums to connect times and mindfulness sessions with the special children of Umang NGO has enlighten the young minds of our postgraduates and interns to think and understand these innocent minds with priceless smiles, work more for their betterment in coming future.

Ahmedabad Dental College and Hospital (ADCH)

The Department of Pedodontics and Preventive Dentistry at marked an extended celebration of Children's Day with the heartwarming event “*Joy of Giving*”. This initiative embodied the spirit of generosity, bringing smiles to the faces of over 120 children from Parikshit Lal Ashram (NGO), Ahmedabad.

The staff and students of the ADCH family poured their kindness into the event by donating clothes, toys, and stationery items over the period of one month before the event. These contributions culminated in a unique "shopping festival," where the young champs joyfully selected their favourite items. The thoughtful initiative was followed by a delightful snacks session, making the day even more memorable for the children.

JSS Academy of Higher Education & Research, Mysuru

Department of Pediatric Dentistry, JSS Dental College & Hospital, JSS Academy of Higher Education & Research in association with Karnataka State Tribal Research Institute (KSTRI) Mysuru under the “Health and Hygiene for Tribal Population” initiative by the Ministry of Tribal Affairs, Government of India had organized health camps at Ashrama Schools for Tribal children in Mysore district. 15 schools were covered over a period of 1 year (Jan 2024-Dec 2024).

1500 tribal children in the age group of 6-10 years were screened for oral diseases. Caries prevalence ranged from 38%- 48%. 267 children received Pit and fissure sealants and 567 children received fluoride application. Along with oral health, a general health evaluation was done by a team of Paediatricians. The Oral Health team was led by Dr Indira MD and Pediatric Team by Dr Prashanth SN and Dr Chetak

‘Baby Oral Health Promotion Clinic’

This clinic has been awarded as the best innovative community oral health community clinic preventive by the International Academy of Pediatric Dentistry(IAPD). The Decennial Celebration of Baby Oral Health Promotion Clinic was conducted at JSS Hospital on 21.11.2024. The program chief guest was Dr. Mallika Deputy Director, Health and Family Welfare Services, Divisional Joint Director Office, Mysore and Guest of Honor was Dr. Mothi S N President, Indian Academy of Pediatrics, Karnataka. The program was presided over by Dr. Basavana Gowdappa H Vice Chancellor, JSSAHER, Principal, JSS Medical College, Dr. Dhakshaini M R, Principal, JSS Dental College & Hospital, Dr. Prashanth SN, HOD, Department of Pediatrics, Dr. Nandlal, Dr. Indira MD and Dr Raghavendra Shanbhog, Pediatric Dentists.

Sibar Institute of Dental Sciences, Guntur

Children's Day Celebrations

On the eve of Children's Day, the Department of Pediatric and Preventive Dentistry, Sibar Institute of Dental Sciences, Guntur, Andhra Pradesh organized a series of Oral health screening and treatment camps from 5-11-24 to 30-11-24 at 16 different schools with the theme (Slogan) **Healthy Children – Happy Nation**. Along with school children, awareness sessions were organized for parents, teachers, nurses, special children and street children. As there is increased incidence of childhood obesity in recent times due to changes in dietary habits (packed foods) and increased screen time, awareness sessions were designed to highlight the importance of proper diet, sleep and physical exercise. On the eve of children's day dental tour was organized for school children, Non- cariogenic refreshments like fresh fruits, boiled eggs and hot milk were served as refreshments (instead of cakes and chocolates). Indoor mind games were organized and gifts were given to all the participants.

National Brushing Day

On the eve of National Brushing Day (1st November 2024), the Department of Pediatric and Preventive Dentistry, Sibar Institute of Dental Sciences, Guntur, Andhra Pradesh has designed and circulated an awareness video emphasizing the importance of selecting proper oral hygiene aids on the social media platform.

The Oxford Dental College, Bangalore

The Post graduates and interns of Department of Pediatric and Preventive Dentistry, The Oxford Dental College, Bangalore participated in 3-day comprehensive oral health education and treatment camp held at Shri Mahadeshwara Public School, MM hills situated at a distance of 94 km from Bangalore from 6th-8th November 2024 which was organized in association with Mythri Foundation. Oral screening, oral health education and preventive treatment for all the children from various schools was carried out. A total of 730 children benefited from this community outreach program.

The Postgraduates of Department of Pediatric and Preventive Dentistry, The Oxford Dental College, Bangalore organized Oral screening, Oral Health Education for Psychologists, Parents and Children diagnosed with Autism Spectrum Disorder (ASD) and Attention Deficit Hyperactive Disorder (ADHD) followed by preventive treatment for all the children. Oral hygiene kits were distributed to all the children at the end of the program.

AIIMS ,Bibinagar, Telengana

In collaboration with Rotary Clubs of Krishi Rajendranagar & Kokapet Ekam and the Indian Institute of Millets Research (ICAR - IIMR), organized a two-day service project at Government High School, Rajendranagar, Hyderabad, Telangana. The event included dental screenings, a distribution of collected items for reuse, an environmental protection awareness session by Abhisekh Agarwal (Founder of Goodebag), and a plantation drive. A total of 850 school children participated in dental screenings. Environmental sustainability was emphasized, encouraging students to maintain a clean and green school environment. Children were motivated to support the Swachh Bharat Abhiyaan by avoiding plastic and planting trees as a way of giving back to nature. Additionally, sparingly used items in good condition—such as clothes, stationery, shoes, and toys—were distributed to the children.

1.The event saw active participation from Rotary Club members, the school Principal, teachers, and students, alongside scientists Dr. Srinivas Babu Kurra and Dr. Sangappa from IIMR. , Dental faculty from AIIMS Dr. Pranitha, Assistant Professor & Resident Doctors including Dr. Vjimai, Dr. Bhargavi, Dr. Jaahnavi, Dr. Kavitha, Dr. Harshal, Dr. Shabaaz, as well as nursing officers played a vital role in the success of the event. The project was a significant step in fostering environmental awareness and providing essential health services to children, making it a memorable experience for all involved.

Meenakshi Ammal Dental College and Hospital, Chennai

On the account of Children’s Day, Department of Pediatric and Preventive Dentistry entered into a contest organized by Indian Society of Pedodontics and Preventive Dentistry. A week long Children’s day celebration “SPARKLING SMILES FEST” was organized in the department from 14.11.2024 to 23.11.2024. The department hosted a range of engaging activities like dental awareness and screening programmes in schools, various competitions like quiz competitions, fancy dress, colouring competition, treasure hunt etc. As part of the ISPPD Children’s Day Celebration Contest 2024, several oral health awareness camps were held for children from 14th to 23rd November 2024 at various schools, including Tiny Steps Play School, Arulmigu Meenakshi Ammal Public School, Sunshine Preschool, Sunshine Play School, and Anand Nursery and Primary School.

Pedozeal 2024

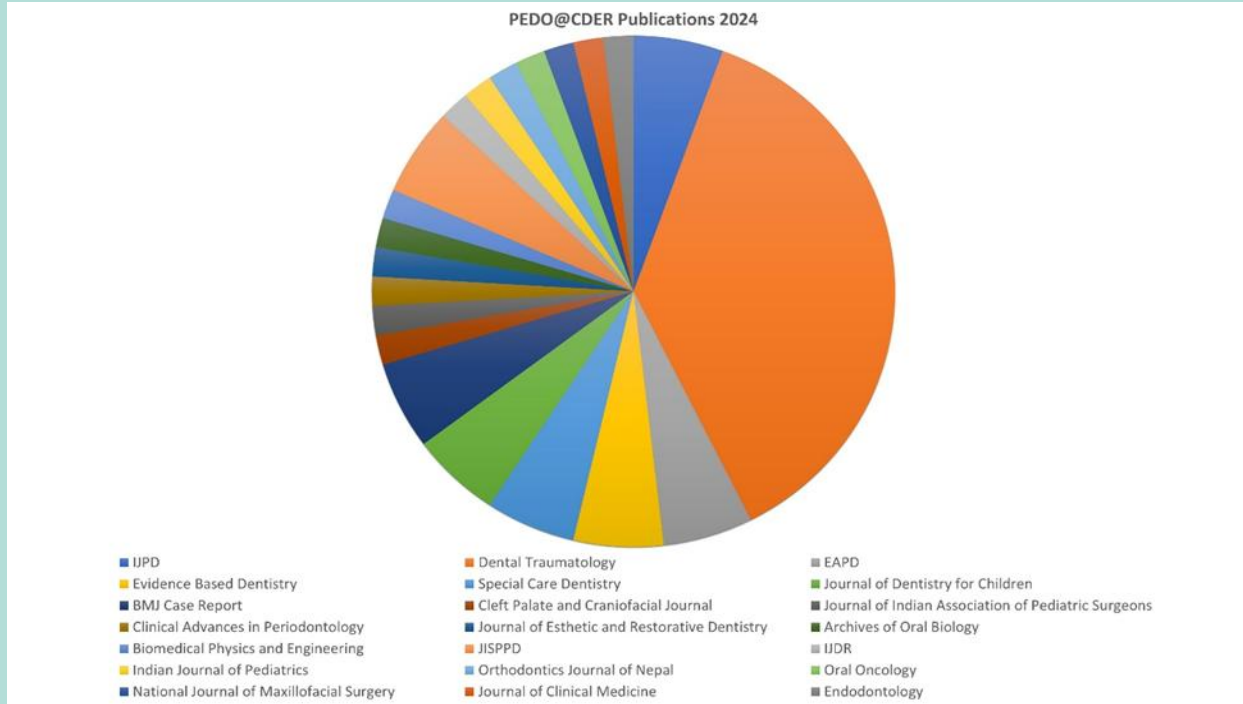

The Kerala State PG Convention, "Pedozeal 2024", organized by Sree Anjaneya Institute of Dental Sciences in Association with Pediatric and Preventive Dentistry Kerala (APPD-K), took place on 15,16,17th November 2024, at Sree Anjaneya Institute of Dental Sciences, Modakkallur, Kozhikode.

The three-day convention was a landmark event, hosted by the Department of Pediatric and Preventive Dentistry of SAIDS. It brought together faculty, students and experts in Pediatric Dentistry to exchange knowledge and foster collaboration. The convention was inaugurated by Sri. ANIL KUMAR V (Chairman, Sree Anjaney Medical Trust) marking a momentous beginning. The meeting was presided over by Dr. ANUPAM KUMAR TV (Organizing chairman & President of APPD-K) in the esteemed presence of Dr. ANOOP HARRIS (Secretary, APPD-K), Dr. SAMEER PUNATHIL (Organizing Secretary Pedozeal 2024), Dr. PV NARAYANAN (Principal, MMC), Dr. PV GOPINATH (Principal, SAIDS), Dr. PM SUNIL (Dean and Director, SAIDS), Dr. SUJI DINESH (Dental Superintendent), Dr. RAJU SUNNY (Vice President APPD-K). A special highlight of the event was the honoring of veteran Pediatric Dentists Dr. SHOBHA KURIAKOSE, Dr. E RAMAKRISHNAN and Dr. N RETNAKUMARI whose remarkable contributions to the field continue to inspire and shape the future of Pediatric Dentistry.

On 15th November Preconvention courses were lead by respective speakers, Dr. GANESH JEEVANANDAN and Dr. VIGNESH R (Rotary Endodontics and Space Maintainers in Pediatric Dentistry), Dr. ROHAN BHATT and Dr. SUNIL MOHAMMED (Narcos season 4 Nitrous Oxide Sedation course) and Dr. AKSHAY HEGDE (Introduction to Invisalign Clear Aligners). There were 56 delegates including PGs and Faculties which included hands on session. A total of 174 delegates including PGs and Faculties participated in this convention

Department of Pediatric and Preventive Dentistry, Centre for Dental Education and Research, All India Institute of Medical Sciences, New Delhi

The Department continued its tradition of dedicated efforts in the trinity of academics, Clinical care, and research. It published 54 articles in Credible national and International Journals in the calendar year of 2024, which is probably the highest number of publications in any of the dental faculties in Asia. These included International Journal of Pediatric Dentistry, Pediatric Dentistry, European Archives of Pediatric Dentistry, Journal of Dentistry for Children, Dental Traumatology, Journal of Endodontics, International Endodontics Journal, etc. the departmental works were also cited over 1000 times and were included in several guidelines and policy documents. The faculty members Dr. Kalpana Bansal, Dr. Nitesh Tewari, Dr. Rahul Morankar, Senior Residents, Research Staff, and Postgraduates have always been motivated by the Professor and head Dr. Vijay Prakash Mathur to excel at national and international forums and we are proud to represent India and our institute at several statutory bodies of Government of India (Indian Council of Medical Research, Department of Science and Technology, Ministry of Health and Family Welfare, Department of Health Research), International Associations (International Association of Pediatric Dentistry, International Association of Dental Traumatology, International Association of Dental Research, International Society of Stem Cell Research, International College of Dentists, Faculty of Dental Surgery, Royal College of Physicians and Surgeons of Glasgow, and South Asian Association of Pediatric Dentistry), and National Associations (Indian Society of Pedodontics and Preventive Dentistry, Indian Society of Dental Traumatology, Indian Society for Dental Research, and Indian Dental Association). The highly motivated postgraduates have excelled in clinical care catering to large number of patients every day and have performed some award-winning researches in this calendar year. They have made us proud with their presentations at World Congress of Dental Traumatology Tokyo, events of ISPPD, SAAPD, International Association of Dental Research, and Research conclaves at AIIMS New Delhi. We are gradually being recognized as global powerhouse in Dental Traumatology, Evidence Based Dentistry, Qualitative Research, Regenerative Dentistry, and Preventive Dentistry. Our spirit is to excel because we stand on the shoulders of Giants and work tirelessly as a motivated team with highest level of ethics and ensuring the quality at par with Global standards.

Stay Connected
